NICK KINNEY
<Full Stack Web Developer />

<ABOUT ME />

I am a Full Stack Web Developer that tailors every aspect of a user's experience from start to finish. I believe that the smallest of details make the largest impacts when designing web apps. For the past 5 years, I have been building web applications, starting with online coding boot-camps and now advancing my education through an associates degree at Fox Valley Tech. I am eager to learn new skills and constantly looking for ways to improve my projects.
